**MASONIC MUTUAL BENEFIT.**  
**THE ANNUAL MEETING OF THE**  
**ASSOCIATION.**  
Continued Prosperity of the Association—  
In a Very Gratifying Financial Condition  
—Both the Funds and Membership In-  
creased Despite the Year of Business De-  
pression—The Election of Directors and  
Officers.  
The twenty-first annual meeting of  
the Masonic Mutual Benefit association  
was held last evening in the Masonic  
rooms, in Clark building, on Church  
street, the president of the association,  
Mr. C. E. Prince, presiding. President  
Prince in a few remarks congratulated  
the members on the prosperity of the  
association and submitted his address  
for the year. President Prince noted the  
fact that though he had been president  
for six years he had been absent but  
one regular meeting. The directors  
were complimented for their faithful-  
ness: "Twenty-one years have passed  
into history since our organization, and  
during all these years our aim has been  
to see that every just claim is promptly  
and cheerfully paid, and we now look  
with pride and pleasure at the record  
of over \$1,000,000 having been dispen-  
sed by us, with the least possible burden  
to our members."  
"It is also a source of congratulation  
to find that our membership has not  
decreased in these trying times, and  
that our finances are in as good con-  
dition as they were a year ago."  
"Your official board has wisely, in  
my opinion, continued the services of  
the special agent, and the result of his  
work during the past year, when busi-  
ness has been at a low ebb and many  
of our brothers distressed financially,  
shows the result of faithful service, and  
we are assured of the still further out-  
come of his efforts in the past, as the  
work of a good commercial traveler  
with salable wares must meet with  
success."  
With the making of various sugges-  
tions the president's report closed, the  
main facts and figures as to the soci-  
ety's condition and progress being em-  
bodied in the reports of the other offi-  
cers.  
The report of the secretary, Mr. F. H.  
Waldron, extends greetings and wel-  
come for this, the twenty-first annual  
and records the continued prosperity of  
the association despite the long busi-  
ness depression; in fact, although a  
year ago the report was very flattering,  
the one this year is still better. There  
are more members on the roll; the li-  
abilities are less and the contingent  
fund is unimpaired. Proceeding, Mr.  
Waldron says:  
During the year 1894 we reduced our  
contingent fund something over \$21,000  
during the year 1894, while we have  
paid \$10,569 from this fund, the accumu-  
lations have been about equal there-  
to, leaving about the same amount in  
the fund as at the beginning of the  
year.  
We commenced the year 1894 with  
seventeen unassessed deaths on the  
books; we commenced the year 1895  
with but eight.  
With the close of this year's business  
there has been paid from the funds of  
this association the magnificent sum  
of \$1,178,899 to the families of our de-  
ceased members. There have been 585  
deaths, 172 of which, amounting to  
\$344,000 have been paid from the surplus  
and contingent funds.  
Some insurance companies show an  
amount paid their members in dividends  
or dividends standing to their credit.  
We may justly claim that every death  
benefit paid from our surplus and con-  
tingent fund is so much paid in divi-  
dends; therefore our association has  
paid dividends to our members amount-  
ing in the aggregate to \$344,000. Every  
card issued on which there are two as-  
sessments, and the payment of three,  
four or five death claims is so much paid  
in dividends. Instead of assessing the  
full amount and then afterwards re-  
turning it to our members in the way  
of dividends the amount remains in  
their own possession.  
After giving various items of general  
information relative to the assignment  
of benefits by members, relief afforded  
in three instances during the year, un-  
der the law allowing advance benefits,  
suggestions as to what should be done  
to relieve cases of distress, and as to  
the method of procedure in changing  
the destination of benefits, the report  
says:  
This Masonic home is intended for  
the support of aged, indigent, sick and  
infirm Free Masons, and the widows of  
Free Masons, and to provide for, main-  
tain and educate the orphans of de-  
ceased Free Masons, etc.  
It has occurred to me that a member  
of our association having lost wife  
and children and having no one de-  
pendent upon him for support and de-  
siring to make a change in his benefi-  
ciary by giving the amount due at his  
death, or a portion of it, to this home  
would be erecting to his memory a  
monument which would endure for all  
time.  
The business of the association  
through the mails makes quite an item  
annually. During the past year I have  
forwarded through the postoffice 58,833  
pieces of mail matter. During the same  
period I have received 13,240 pieces,  
making a total of 72,073 pieces of mail  
matter transmitted through the mails  
in the interests of this association dur-  
ing one year.  
The largest amount paid in assess-  
ments by any one member since our  
organization on his \$2,000 certificate  
has been \$502.25, being \$11.95 per \$1,000  
of benefit per annum, or about 25 per  
cent. of the amount of the face of the  
certificate in twenty-one years.  
There have been 1,305 of our certifi-  
cates cancelled since our organization,  
of this number 588 were cancelled by  
death and 817 by lapses and withdraw-  
als. The amount paid into the funds  
by those who had lapsed and with-  
drawn has been \$91,115.62. Those of  
our members who remain receive the  
benefit of this amount paid into our  
funds, while the association has no li-  
ability at this time by reason of  
their former membership.  
Our contingent fund is made up as  
follows:

**Goethe's Visit to Carlsbad.**  
There is no doubt that the life  
of the great poet was greatly  
prolonged by drinking the waters  
of the Sprudel Spring. In our  
day we have the Sprudel Spring  
brought to us in the form of  
Salt, which is obtained by evap-  
oration from the waters of Carls-  
bad.  
The Carlsbad Sprudel Salt  
(powder form) is in no sense a  
mere purgative, but is an altera-  
tive and eliminative remedy  
which dissolves tenacious bile,  
allays irritation and removes ob-  
struction by aiding nature. It  
acts soothingly and without pain.  
Beware of imitations. The gen-
